TECH MANTRAA

MATLAB

(Workshop on Application of MATLAB for Electrical engineering)

Topics to be covered in MATLAB Workshop

Introduction to MatLab

o The dominance of MatLab over other languages o Power of Matrix computations o The application of Matlab in various fields of engineering

Matlab functions

o Basic mathematical functions offered by Matlab o Matrix computations

Matlab Modelling

o Advanced mathematical functionalities of matlab o Advanced system modelling using Matlab

Basic Electrical Circuit Analysis

o Analysis of basic electrical circuits using Matlab o Obtaining different characteristic plots

Introduction to Simulink

o Introduction to Simulink o Applications of simulink in System modelling o Modelling Basic electrical Circuit in Simulink and obtaining characteristic plots.

Duration

The duration of this workshop will be two consecutive days, with eight hour session each day in a total of sixteen hours properly divided into theory and hands on sessions

Certification

A '**Certificate of Merit**' by **Tech mantraa** to all Participants of this workshop. At the end of this workshop, a small competition will be organized among the participating students and winners will be awarded with a '**Certificate of Excellence**'.

Eligibility

It's a basic level workshop so there are no prerequisites. Anyone interested, can join this workshop.

Fee

Rs.500/-(inclusive of all Taxes) per participant for 2 days workshop.
